Chief Assessor Tells Club New Tax Plan Will Equalize Assessments Of All Property

"The state's new assessment law is not a plan to increase taxation, but to equalize assessments for all property owners," William G. Weaver, Adams County's new chief assessor, told members of the Exchange Club at the club's weekly dinner meeting at Banker's Restaurant Tuesday night.

"The only one who may be hurt is the property owner whose assessment, under the old system, was 'way out of line' or the man who owns property which was not assessed at all. In the case of the former, his assessment will be brought up to a figure equal to the assessed valuation of similar property. For the latter, it will mean that property not before assessed will be placed on the rolls, and the owner will have to start paying taxes on it."

Mr. Weaver said the old system of assessment was "very hit or miss." Assessors, he said were not honest and hard-working men, but some had more "know-how" than the others.

Had Many Tax Answers

"We had 36 assessors in the county, and 36 different answers to the same problems," he said. "Assessments ranged from 16.19 to 31.48 per cent in the relation of assessed valuations to actual, real value of property. Obviously this was very unfair to those with higher assessment rates who were thus, on a tax basis, forced to 'carry along' the property owners with the lower rates."

Mr. Weaver pointed out that the new assessment law is not "something cooked up by the Adams County Commissioners" for Adams County alone, but is a law passed by the legislature which affects all counties from the fourth to the eighth class inclusive. The law went into effect on January 18, 1952.

Much remains to be done here, he said, before the law will be placed in full effect. Counties have five years, under the law, to set up the new assessment plan and place it in effect, he said, in describing what has already been

SCOUTMASTER OF TROOP 78 RESIGNS POST

The resignation of Fred S. Faber Jr., Hanover St., as scoutmaster of Boy Scout Troop 78, effective Thursday night, was accepted "with regret" by the committee of the troop at a meeting held at Mr. Faber's home Tuesday evening.

The scoutmaster, who had served about two years in that post, has accepted a position in Harrisburg and plans to move there in the near future, the committee was told.

Members of the committee will meet Thursday night to select a successor.

Plans for a number of activities were outlined at the session Tuesday evening.

Dr. Joseph H. Riley, member of the troop committee and district activities chairman, reported plans for the annual District Boy Scout Christmas party to be held December 22, probably at the Hotel Gettysburg Annex. Members of Explorer Post 73 will assist in placing and decorating a tree for the party.

To Sell Xmas Trees

Plans were announced for sale of Christmas trees by Troop 78. Money raised by the sale will go into the troop treasury.

The trees will be available starting December 12. Troop Chairman Charles Holtz announced.

A public turkey party will be held for the troop's benefit December 12 in the basement of St. Francis Xavier School.

Scoutmaster Faber reported that all types of toys are needed by the scouts to repair, repaint and distribute at Christmas time to needy children. The toys should be turned over to the scouts this week if possible to permit their repair in time, he said. The toy repair program is being carried out by all troops of the town, Faber said.

PROMOTED IN NAVY

Harry Coffelt, son of Mr. and Mrs. Charles Coffelt, Gettysburg R. 2, has been given the rating of electrician's mate, fireman's apprentice in the Navy following a 14-week course in electricity given at Takoma Park, Md. Coffelt, who had been an apprentice, stood fifth in his class of 26 in the school. Following a 28-day leave at his home here following graduation from the school, Coffelt left Sunday to board the destroyer U.S.S. Wren, at Charleston, S. C., to serve a six months tour of sea duty.

Ask Firemen For Help With Party

Harold Culp, chairman of the Gettysburg Fire Department's Thanksgiving Turkey Party committee, today asked that all members of the department report at the fire engine house Thursday afternoon at 1 o'clock to prepare for the affair.

Other firemen unable to report in the afternoon are requested to be at the engine house at 7 p.m. Thursday night to assist, and all firemen available should be at the Hotel Gettysburg Annex Friday night to help at the turkey party, Mr. Culp said.

The affair will start at 7:30 p.m. Friday.

175 LIONS AT ZONE MEETING AT FAIRFIELD

One hundred seventy-five Lions from Gettysburg, Upper Adams, York Springs and Fairfield Clubs attended a zone meeting Tuesday evening at the Fairfield Community Hall where induction of new members and the showing of a color motion picture film on the Lions International convention in Mexico City last summer were program features.

President John Reindollar of the Fairfield club presided during the early part of the evening and then turned the gavel over to Zone Chairman Jennings B. Collins of Gettysburg. A roast turkey dinner served by the Fairfield Fire Company Auxiliary.

Presidents and secretaries of the clubs in the zone were introduced by Collins and the Lions Chorus of Gettysburg sang two selections under the direction of Richard B. Shade who had led group singing earlier in the evening.

Has Perfect Record

President John Reindollar of the perfect attendance pins to a group of three members headed by Howard L. Harbaugh, who has not missed a Lions meeting in Fairfield since that club was founded about eight years ago. The others receiving awards were Edgar Newman and William Musser.

C. Paul Cessna, Gettysburg, a former Lions district governor and now an international councillor, conducted an initiation ceremony for two new members of the Upper Adams club, Harold Smallwood and Raymond Conley, and for Virgil Mulkey, a new member of the York Springs club.

Deputy District Governor Donald Miller of the York Springs club announced current standings in the zone contest among Lions clubs, with points accumulated Tuesday evening not included: Fairfield, 5,600; Gettysburg, 6,100; Upper Adams, 5,800, and York Springs, 5,200.

President John S. Rice of the Gettysburg club announced no meeting will be held of the local club next Monday.

These club officers who were introduced by Chairman Collins remained for a zone cabinet meeting after the general session: President Jack Hershey and Secretary Melvin Prosser of the York Springs club; President Russell Hackman and Secretary Ralph Eckenrode of the Upper Adams club; President Rice and Secretary Ralph Barley of the Gettysburg club and President Reindollar and Secretary Edward Glenn of Fairfield. Gettysburg had 77 at the meeting, Upper Adams 55, York Springs 17 and Fairfield 26.

SUIT IN FATAL CRASH OPENS

Trial of the action in trespass resulting from a fatal accident in York Springs last August in which Carl Dean, Five Points, and Mrs. Clara Candemo, Alliquippa, were fatally injured, began this morning in Adams County court.

The case was the first of four civil actions scheduled for its current term of court. Only three trials are listed, however, as two of the cases will be heard together.

State Policeman James A. Treas; Nick Frederick, of Alliquippa; Justice of the Peace F. E. Coulson, Terry Taylor and Dorothy A. Wolf, all of York Springs, and Drs. Bruce Wolff and Roy Gifford, of Gettysburg, were the witnesses during the morning session.

Policeman Treas gave details of the fatal accident. The York Springs people told of what they saw in connection with the crash. Frederick established proof that he is administrator of the estate of Mrs. Clara Candemo, and Drs. Wolff and Gifford told of the injuries to Mrs. Isabelle Noce and Carl Noce Jr., both of Alliquippa, both injured in the crash.

In the suit Frederick, as administrator of Mrs. Clara Candemo, Mrs. Isabelle Noce and Carl Noce Jr., are suing Margaret V. Dean, administratrix of the estate of Carl W. Dean, and Albert F. Candemo, Alliquippa, for damages. Carl Dean was driver of the truck and Albert Candemo driver of the car involved in the crash.

Police officers have been given orders by the burgess to break up the double parking. Warnings will be used at first, the burgess said. If this does not stop it, prosecutions will follow.

BENDERSVILLE IS ORGANIZING CUB SCOUT PACK

Organization of a committee and selection of den mothers for the proposed Bendersville Cub Scout Pack was effected Tuesday night and at the same time preliminary plans were made for establishment of a Boy Scout troop in that area.

Dele Slaybaugh, Gardner, was named acting chairman for the Bendersville Cub Pack Committee. Charles Slonaker, Bendersville, was named institutional representative for the pack sponsored by the Bendersville Parent-Teachers Association.

Charles Harris, scout field executive, who met with the committee at its organizational meeting, told the group that one of the most important posts in any scout, cub or explorer troop was that of institutional representative whose duty is to correlate activities of the troop with its sponsoring group.

Henry J. Byers was named program chairman for December and John A. Shepard was named to the pack committee. Named as den mothers were Mrs. John W. Mummett, Mrs. Ruth Lochbaum, Mrs. John A. Shepard, Mrs. Hilda Sanders and Mrs. Roy Weidner.

Training Session Tuesday
Another in a series of training meetings for the committeemen and den mothers will be held next Tuesday evening at the Bendersville school, Harris announced.

Present plans call for training of the adult leaders in the fundamentals of scouting before actual

31 Countians Will Be Drafted Dec. 9

Thirty-one more Adams County men will spend Christmas in the army instead of at homes. The Adams County Selective Service Board today received notice to send this number to Harrisburg for induction on December 9.

Most of those to enter the service on that date from the county will be drawn from among the 57 countians and others registered with the local draft who were given physical examinations in Harrisburg on November 10.

And most of them are 20 year-olds. A few will be married men, but none with children.

The draftees will be directed to report at Selective Service headquarters on the second floor of the First National Bank Building at 5 a.m. on December 9. They will leave by chartered bus at 5:30 a.m. for Harrisburg.

Winner Of Feature Game Score Outguesses Two Other Guessers

Three entrants in the sixth in the series of The Gettysburg Times football contests had 11 right "guesses" out of the 14 games listed last week, but Thomas McCrea Hess, 233 Chambersburg St., was awarded first prize because his estimate of the total points scored in the feature game, between Gettysburg College and Bucknell, was nearest the actual total.

Gettysburg scored 21 points and Bucknell 26, for a total of 47. Mr. Hess estimated a feature game total of 51 points, and was only four points out of the way. He will receive a \$15 merchandise certificate.

Elks To Entertain Ladies Thursday

The Gettysburg Elks will hold a Ladies' Night Thursday evening when a turkey dinner will be served from 5:30 to 8:30 o'clock.

A dance will be held starting at 9:30 o'clock and a floor show will be presented.

Lincoln Was In Gettysburg 89 Years Ago This Afternoon

By ARTHUR EDSON
WASHINGTON (AP) — Eighty-nine years ago today, as soon as the Baltimore Glee Club had finished, the tall homely man pulled a paper from his pocket and began to read a speech in his high, unmusical voice.

The crowd at Gettysburg, Pa., probably didn't pay too much attention.

"Fourscore and seven years ago," Abraham Lincoln began, "our fathers brought forth on this continent a new nation, conceived in liberty and dedicated to the proposition that all men are created equal."

After all, there had been plenty of speechmaking already. Especially from Edward Everett, who had been a U. S. senator, a governor of Massachusetts, a cabinet member, a minister to Great Britain and president of Harvard.

Great Orator Speaks
As the nation's top orator, Everett, in his hour and 57-minute speech, touched all the bases, including a description of how the early Greeks cared for those who were killed in battle.

Lincoln stuck to his own nation, and its awful problems. "Now we are engaged in a great civil war testing whether that nation, or any nation so conceived and so dedicated, can long endure," he said.

"We are met on a great battlefield of that war. We have come to dedicate a portion of that field, as a final resting place for those who here gave their lives that that nation might live."

"It is altogether fitting and proper that we should do this. But, in a larger sense, we cannot dedicate, we cannot consecrate, we cannot hallow, this ground. The brave men, living and dead, who struggled here, have consecrated it far above our poor power to add or detract."

Oddly, Lincoln almost didn't

Fairfield Schools Plan Open House

The Fairfield Joint Schools will observe open house on Friday and parents are invited to visit school during the day or from 7 until 9 o'clock in the evening.

Pupils' work will be on exhibit in the rooms. The band will present two short concerts, the first at 7:30 and the second at 8:30, in the cafeteria, under the leadership of Charles Rogers. Movies and pictures of the school will be shown continuously during the evening at the high school. The Home Economics Department will serve refreshments to visitors during the evening.

The schools will close for the Thanksgiving vacation on Wednesday, November 26, at 2 o'clock.

EDUCATOR FROM GERMANY VISITS ADAMS SCHOOLS

Dr. Helmut Langenscheid, professor of psychology and education, State Teachers College, Luebeck, Germany, is finding his tour of American schools can and has included everything from Dr. Albert Einstein to students in Adams County rural schools.

And, says the doctor diplomatically, "who knows, perhaps one of these children might be another Einstein."

In the U. S. on a State Department sponsored tour to study education and the use of psychology in education in the United States, Dr. Langenscheid was assigned first to Princeton University. There he met Dr. Einstein, who took time out from his studies with relativity "to renew old acquaintances with Germany. He taught in Berlin many years ago, and we talked long about the university there and the changes that have come about during the years in Germany and Europe and places Dr. Einstein had been."

Touring County Schools
The German educator found Einstein "a very great scholar but with a light touch to his scholarship. He can make a joke and likes to bring a light touch to very serious subjects."

Dr. Langenscheid added that he is "charmed by the enthusiasm and optimism in the work of educators in America."

There are great differences between the German school system and the American, he added. The German system uses greater selectivity, confining higher education to a smaller number, and must "weed out" students quickly. "The American system I think is the kind that corresponds to democracy, because it seeks to train everyone, and because so many receive higher training there is an opportunity for better political judgment on the part of greater numbers."

Which is the better system is a question Dr. Langenscheid said he could not answer. "Possibly a mixture of the two is best," he added. He leaves Pennsylvania Thursday for the west coast, then will tour schools in the south before returning to Germany. He was conducted on tours of the Adams County schools today by Dr. George Stauffer, supervisor of special education for the county.

TRAIN LEADERS OF GIRL SCOUTS

The second session of the 16-hour Girl Scout basic leadership training course will be held Friday evening at Girl Scout headquarters in the basement of the First National Bank Building.

The course opened Monday night, but because of fog and inclement weather there was a small attendance. Mrs. Hardy Nichols, Girl Scout secretary, said those interested in this training may yet register.

Mrs. Hildah Arter, Littlestown, volunteer trainer, is in charge of the instruction, which will be the setup of the Girl Scout organization, teaching of songs, troop committees and how they function and life in the out-of-doors.

Mrs. Arter was sent by the Girl Scout Council to Camp Edith Macy, Pleasantville, N. Y., a national Girl Scout training camp for adults, where she took a course in training and leadership.

Anyone interested is invited to register for the course. The schedule is as follows: Friday, November 21; Monday, November 24; Friday, November 28; Monday, December 1, and Friday, December 5. Classes begin at 8 p.m.

Forfeits \$30 For Illegal Rabbit

Sam Royer, Friend's Creek, forfeited \$30 to Magistrate Charles Gillelan in Emmitsburg Monday for having a rabbit in his possession out of season. He was arrested last Friday by game wardens.

Francis Wikler, near Annandale, forfeited \$10 for hunting during a closed season. Melvin and August Wetzel, near Annandale, each forfeited \$15 for having squirrels in the closed season.

GOVERNMENT TRIES TO SHOW APPLE PRICES FIXED BY FIRMS

The government tried today to show that a group of Appalachian apple growers and processors served as a committee to fix raw apple prices, the Associated Press reported from Washington.

Carroll R. Miller, Martinsburg, W. Va., was questioned at a trade commission hearing about a group described as "The Joint Grower-Processor Committee" of the Appalachian Apple Service, Inc., Martinsburg.

Miller, secretary-manager of the trade association, said he could not recall whether he had told investigators there was in fact such a joint committee.

Allege Price Fixing

In previous testimony, Miller, said the term was used as "a convenient handle" to describe a group composed of a growers committee and processors invited to meet with the committee for informal discussions.

The government has charged that a joint committee of growers and processors has engaged in alleged price fixing activities. The hearings opened Monday.

The government charges that in addition to fixing prices the companies and the association have engaged in a common course of action to divert shipment of raw apples for processing so as to maintain a price scale and to avert a price break. The complaint said the five companies process approximately 60 per cent of all apples harvested in the United States and sold to processors. In 1950, the government said, the five processed more than 11,000,000 bushels of apples.

Many Defendants

The complaint also states the companies have the ability to dominate and control the raw apple market for processing purposes in the United States.

Named in the government complaint are Appalachian Service and these apple processing companies:

C. H. Musselman Co., Biglerville, Pa.; National Fruit Product Co., Inc., Winchester, Va.; Knouse Foods Cooperative, Inc., Peach Glen, Pa.; Bowman Apple Products Co., Inc., Mt. Jackson, Va.; and Shenandoah Valley Apple Cider and Vinegar Corp., Winchester, Va.

CLAIM SNYDER HAD TOO MUCH INTEREST IN BIG TAX CLAIM

WASHINGTON (AP) — House investigators report that, after a year of trying, they now have documents purporting to show Secretary of the Treasury Snyder took undue interest in a multimillion-dollar tax case.

The report came, after a closed-door session yesterday, from a House ways and means subcommittee investigating tax scandals. It said the group has received from the Justice Department's Criminal Division a log of telephone conversations between Snyder and Charles Oliphant, former chief counsel for the revenue bureau. Oliphant served in that post from 1947 until last fall, when he quit under fire.

Unusual Interest

Committee sources said extracts from the long-sought telephone transcript show Snyder displayed "an unusual degree of interest" in a claim by Universal Pictures, Inc., for a 20-million-dollar refund on excess profit taxes levied some 10 years ago.

The sources said Snyder telephoned Oliphant frequently in 1948 and 1949 to speed up handling of Universal's claim. The case was expedited from the New York field office directly to the Treasury, where a two-million-dollar award was made last December.

Along with the stenographic record of the conversations, Snyder sent the committee a letter of explanation, not made public. A committee aide said Snyder's letter claims he took only an official interest in completing the tax settlement.

The members of the Ladies' Auxiliary to the Mason and Dixon Memorial Post No. 654, Veterans of Foreign Wars, will meet at the post home, West King St., on Thursday evening to make salted peanuts. The peanuts will be sold for the benefit of the treasury. The committee in charge for Thursday night is composed of Helen Jacobs, Ruth Dooley and Florence Sheely.

Herman Arter, Hanover R. D., a member of St. Bartholomew's Union Church, who has been active in Christian Endeavor work in York and Adams Counties for many years, showed colored slides at the meeting of the Junior Fellowship of the Centenary Methodist Church on Monday evening, in the Sunday School room of the church. The slides told the story of Christmas and the birth of Christ. The devotional period took place and Barbe Miller was piano accompanist for group singing. The Scripture lesson was read by Shirley Myers. A vocal selection, "The Sweetest Story," was sung by a trio consisting of Jane Barton, Phyllis Rimmel and Pansy Knight. James Barnes and Douglas Knight were selected to be in charge of the devotion for the meeting next Monday evening at 6:30 o'clock at the home of Mrs. Albert H. Miller Jr., East King St. At this meeting a Thanksgiving program and party will be featured.

The members of the Ocker-Snyder Post No. 321, American Legion, and the Ladies' Auxiliary to the post will enjoy a joint dinner meeting on Thursday evening at the Legion Home, East King St. Mrs. Wilbur E. Mackley, Mrs. James W. Fager and Mrs. Vernon Study comprise the committee on arrangements for the affair from the Auxiliary. A brief business meeting of the Legion will follow the dinner.

The Publicity Committee composed of Marvin F. Breighner, William S. Menges and J. Harvey Pettyjohn will be in charge of the program for the second November meeting of the Littlestown Lions Club on Thursday evening at 7 o'clock at Banker's Restaurant. Past presidents night will be observed and recognition will be given to all the past presidents of the local club. The Rev. Porter W. Seiwel, past president of the Shippensburg Lions Club and pastor of Grace Reformed Church, Shippensburg, will be the guest speaker.

The annual Father and Son banquet at Grace Lutheran Church, Two Taverns, will be held on Friday evening at 7 o'clock in the parish hall. The meal will be served by the Ladies' Aid Society.

Mrs. Elmo Jones, Mrs. Sylvester Rickrode, Mrs. Lewis Lippy and Mrs. Norman Johnson comprise the hostesses committee for the November meeting of the Ladies' Aid Society of St. John's Lutheran Church on Thursday evening at 7:30 o'clock at the church. A white elephant party will be featured during the social hour. The rainy day bags will also be collected.

"LAUGH FIESTA" OF LIONS SCORES

In a hilarious party that left the guests uncomfortable from having laughed so much the Dillsburg Lions Club members and their ladies enjoyed "The Laugh Fiesta" Tuesday evening, an eight-feature funfest that never lagged from start to finish.

Prince Nur-A-Din, a great Oriental sand and diver, read fortunes of various members in the shifting sands of his native Arabian desert, and was guest of honor. Following the clever interpretation of the Arabian Prince, the big laugh event of the evening got under way.

"Babes in Blunderland." Three of the club's youngest or "baby" members were asked to choose their "mamas," other than their wives, from the audience. Three complete layettes including baby gowns, bonnets, and bibs were rushed to the stage. When the mamas were asked to dress their babies, the fun broke loose. The babes were to be prepared for a sitdown race, their "mamas" to guide and cheer for them. What followed was so unexpected and filled with surprises that the show all but literally brought down the house.

Arriving guests were presented with "Cheerio" folders to be used in a "Merry Mixer." Action favors contributed to the merriment during the dinner. Pandora's Box of wit, wisdom and satire brought 25 people to their feet at varying times with humorous thrusts at human fads and foibles. Climax of the party was the Battle of the Sexes in Song. Special song books were distributed with clever words to well known tunes. Program Chairman "Pappy" Gillette included helpers, "Doc" Wierman, "Barney" Cromer, Doug Harter and Bill Shaw.

The Women's Civic Council will meet at the YWCA Friday night at 8 o'clock. Every member of the group is urged to have a representative present as the annual election of officers will be held. Miss Louise Ramer is chairman of the nominating committee. The board will meet at 7:30 o'clock.

The Business and Professional Women's Club will join with the Hanover Business and Professional Women's Club in a turkey dinner to be held at New Oxford Thursday evening. Cars will leave from the YWCA at 6 o'clock. The local group will present the skit, "Ladies in Transit," as a contribution to the program. Members are asked to bring a wrapped 25-cent gift.

Mrs. Harold L. Myers, W. Middle St., will visit her daughter, Miss Barbara Myers, a student nurse at the Church Home and Hospital.

The Seminary Wives met Tuesday evening at the home of Rev. and Mrs. Francis Reinberger, Springs Ave. There were 30 wives present. The Rev. John L. Yost Jr., from the Board of Foreign Missions of the United Lutheran Church, spoke on "Foreign Missions" and Mrs. Reginald Deitz discussed the combining of the Ladies Aid and missionary societies into the Women of the Church. Mrs. Reinberger and Mrs. Jacob Heikkinen served refreshments.

Mr. and Mrs. Percy D. McFarland of Clarks Green, Pa., spent last weekend with Mr. and Mrs. Leon E. Gillette, Dillsburg. On Sunday both couples drove to Media, Pa., where a field trip of the Mineralogy Society of Pennsylvania was held on Mineral Hill. Mr. McFarland is an active member of the latter organization.

G-BURG CAGERS HOLD DRILL AT SHIPPENSBURG

Gettysburg College's basketball squad, which has been drilling for two weeks in preparation for its opening game Saturday evening, December 6, with Western Maryland here, turned in an impressive performance during a scrimmage with the Shippensburg State Teachers' College cagers Tuesday afternoon at Shippensburg.

Coach Henry T. Bream indicated he was pleased with the showing of his outfit but pointed out there is still plenty of rough edges to be rounded off before the Bullets are ready to start their 22-game program.

With only for lettermen returning from the squad of a year ago which won 13 and lost eight, the Bullets will have to rely on some newcomers to give them the necessary depth.

Pizolato Heads Vets

Veteran Bob Pizolato, Allentown, who was named to the second team all-state a year ago, is the only senior letterman. Joe Lang, Philadelphia, five-foot-nine-inch defensive star; John Habeeb, West New York, N. J., and Jack Keller, six-foot-three-inch center, Sellingsgrove, are the junior lettermen. Dale Kleinfelter, Middletown senior, is the only other returning varsity squadman.

Transfers who might make the grade this year are: Bill Snyder, former scholastic all-state ace from Allentown; Phil Guarnaschelli, Woodmere, N. Y., who attended Georgia briefly, and Howard Scheithauer, Pottsville Junior College grad from Mahanoy City.

Up from the junior varsity are Les Ekman, 6-4, Coatesville; Don Addicks, 6-4, Bronxville, N. Y.; Sam Shaulis, Butler; Tom Lunn, Haddon Heights, N. J.; Barry Wright, Greensburg; Ed Ferren, Merchantville, N. J.; Bill Shull, Hazleton; Bill Bannan, Lewisburg; Bill Miles, Clifton Heights; John Schreiber, Philadelphia; Tom Bracken, Philadelphia; and Bob Detweiler, Wyncote.

The schedule is as follows:

Dec. 6, Western Maryland, home; Dec. 10, Elizabethtown, home; Dec. 12, Mt. St. Mary's, away; Dec. 17, Albright, away; Dec. 19, Virginia, home.

Jan. 7, Bucknell, away; Jan. 10, Johns Hopkins, home; Jan. 12, Penn State, away; Jan. 17, Lehigh, home; Jan. 24, Mt. St. Mary's, away; Jan. 30, Wagner, away; Jan. 31, Hofstra, away.

Feb. 4, Lebanon Valley, home; Feb. 7, Muhlenberg, away; Feb. 11, F. and M., home; Feb. 14, Lehigh, away; Feb. 18, Dickinson, away; Feb. 21, Bucknell, home; Feb. 25, Muhlenberg, home; Feb. 28, Lafayette, away; March 4, Dickinson, home; March 6, F. and M., away.

MAUREEN, JULIE ONLY HOPES NOW

SYDNEY, Australia (P)—Maureen Connolly, America's queen of the courts, and Julie Sampson are the United States' lone hopes of salvaging some glory in the New South Wales Tennis Tournament.

Miss Connolly and Miss Sampson gained the semi-final round in the women's play today. "Little Mo" turned back Laurie Nichols, 6-1, 6-1, and Miss Sampson defeated Gwenth Bryant, 6-2, 6-4.

Meanwhile, powerful Australians eliminated America's Davis Cuppers, Captain Vic Seixas and Straight Clark, from the singles and doubles.

Seixas bit the dust today in straight sets. Mervyn Rose, the left-handed star, made it an all Australian semi-final by blasting Seixas, 6-2, 6-4, 6-4. It was sweet revenge for Rose who lost out to Seixas in last year's finals. Clark was ousted yesterday.

SOONERS MAY GET BID TO ORANGE BOWL

MIAMI, Fla. (P)—The University of Oklahoma bounced into the Orange Bowl picture today and it appeared likely that the Sooners would be invited to play in Miami on New Year's Day.

Oklahoma's President George L. Cross told a student demonstration last night that he would sanction a bowl trip for the Sooners in defiance of a Big Seven Conference ban if the team wants to go. He said the school had received several feelers from the Orange Bowl.

An Orange Bowl committee member confirmed that Oklahoma had been considered earlier but was regarded as "out" because of the conference rule.

Alabama in Picture

"I am sure that if Oklahoma will come, the committee will be glad to consider inviting them," he said.

The committee was considering half a dozen other teams and may not make a final decision until after Saturday's game. It can offer each team about \$110,000. A sellout crowd of 66,000 is assured.

Alabama is considered most likely to get a bid if the Crimson Tide makes a good showing against Maryland Saturday. But if the Tide loses by a decisive score, Alabama is out.

Florida Has Chance

Florida could become a logical choice with a one-sided victory over Miami this week. The Gator Bowl, however, is known to have eyes on Florida and might scoop the Miami committee just as the Sugar Bowl did last week when it grabbed Mississippi following the Maryland game, with Orange Bowl representatives in the stands.

The University of Houston got into the picture yesterday and its backers point out their team lost only to Texas A&M and Mississippi, both by close margins. They add it whipped Tulsa, 33-7.

Tulsa still has some support, however, and is the nation's leading offensive team with 456.3 yards per game. Tulsa averaged 301.9 yards on the ground.

Other Possibilities

There is considerable support for Syracuse and Pittsburgh, each with a 6-2 record. Syracuse plays Fordham Saturday while Pitt meets Penn State.

Of the teams mentioned, Oklahoma appeared here in 1939, Alabama in 1943 and Tulsa in 1945. With both the Sugar and Cotton Bowl teams locked up, the Orange Bowl committee took its time to look over the field of available.

LINEMAN OF WEEK

NEW YORK (P)—The University of Mississippi surprised football circles Saturday by upsetting Maryland, 21-14.

One of the major figures for the Rebels was James "Bud" Slay who came up with a great pass catching exhibition at end. His play brought him today the Associated Press Lineman of the Week award.

and favorite Frank Sedgman meets Ken Rosewall in the semi-finals that get underway tomorrow.

OKLAHOMA MAY BOLT BIG SEVEN FOR BOWL GAME

NORMAN, Okla. (P)—Oklahoma astonished the Big Seven Conference last night by threatening to withdraw and accept a football bowl bid—perhaps to the Orange Bowl—in defiance of conference rules.

The surprise announcement came from Dr. George L. Cross, university president, who told a student rally he would sanction a bowl trip if the team wants to go.

He and Athletic Director Bud Wilkinson meet this morning to discuss the explosive subject—and perhaps decide whether to sever their ancient ties with the Big Seven.

"Only Honorable Course"

Dr. Cross indicated strongly the Sooners, fifth ranked in the nation and headed for a fifth straight loop crown, have their eye on the Orange Bowl, from which he reported receiving several feelers.

Such a course, he told cheering students, would entail withdrawing from the conference—and turning independent—or certain suspension for violating the bowl ban adopted last December. And he added:

"The only honorable course would be to withdraw from the conference."

He Is Willing

As for himself, he said, "I would be perfectly willing to go," but pointed out he couldn't authorize a trip unless all concerned agreed to face conference disciplinary action, or other consequences.

"Neither Bud nor I think it would be smart to violate the rules," he declared.

The development came only a week after faculty representatives, meeting in Kansas City, refused to make an exception to the conference restriction on any post-season athletic activity.

It also brought to the surface long-smoldering discontent, referred to by Dr. Cross cryptically last night when he said, "We're in the doghouse with the Big Seven for many reasons."

Expects Rule Change

Asked about the conference position at a Quarterbacks Club meeting Monday, Wilkinson said: "I have a strong feeling the rule will be changed in January, but that's just a month too late."

The pronouncement from Dr. Cross, a strong sports booster, is a direct reversal of his stand a year ago when he went on record, along with university regents, as opposing post season football games.

The president said he had already contacted the regents, who left the matter up to him and Wilkinson.

In Kansas City, Conference Executive Secretary Reaves Peters said, "It's all news to me."

YESTERDAY'S SPORTS DEATHS

By The Associated Press

NEW YORK — Associated Press survey of the nation's 24 racing stables disclosed that thoroughbred horse racing is concluding the biggest season in the history of the sport, with pari-mutuel wagering up 19.02 per cent over 1951.

BOWIE, Md.—Bowie Race Track cancelled its Tuesday and Wednesday programs because of dangerous track, but President Larry S. MacPhail promised that Maryland racing will be resumed Friday, "either here or elsewhere."

Four Horses Perish In Timonium Flames

TIMONIUM, Md. (P)—Four race horses were killed last night in a fire that swept several barn stalls at Timonium Track.

Some 20 other horses were saved by Richard Douglas, an owner and trainer, who opened their stalls and chased them out to the track.

Two of the horses that had to be destroyed because of burns were Audible and Lock Control, owned by L. Gittinger Boyce.

Timonium officials were unable to identify the other two immediately but said they belonged to E. J. Caldwell.

Humphrey S. Finney, field secretary of the Maryland Horse Breeders Association, estimated damage to the barn might run up to \$5,000. He said the blaze apparently started from a short circuit in the electric wiring.

FAVORS DOUBLE FEATURE ON TV

CHAMPAIGN, Ill. (P)—Double feature football television on a regional scale will be proposed by Doug Mills, University of Illinois athletic director, at the January convention of the NCAA in Washington, D. C.

Mills told of his new plan in an interview today and said he hoped it would become a compromise between the NCAA's controlled TV program and what the public wants.

Using the Big Ten Conference and Midwest Independents such as Notre Dame, as an example, Mills explained that his sectional plan would work this way:

1. Big TV games (or games of sectional independents) would be televised weekly within the conference region.

2. The major population centers from which such games could draw attendance would be blacked out unless the game was a sellout. However, the fans would be assured of at least one major Midwest game on TV since the program provided for two to be televised.

3. Proceeds of TV games from commercial sponsors would be divided among the Big Ten and participating independent schools.

Albright Cagers Begin Workouts

READING, Pa., Nov. 19 — Seventeen players, including 11 freshmen, are seeking berths on the Albright College varsity basketball team. The Lions open their 1952-53 season against LaSalle College here Wednesday night, Dec. 10.

Veteran cagers in the fold are Connie Dettling, of Reading, and George Amole, of Birdsboro, Pa., the co-captains; Ken Nase, of Souderton, Pa.; Gordon Oplinger, of Wilkes-Barre, Pa., and James Croke, of Brooklyn, N. Y. Dettling and Amole were starters last season. John Fetterman, of Butler Twp., Pa., a junior varsity man a year ago, also is bidding for a varsity job.

Albright will be host to the Gettysburg College dribblers on December 17.

HARRISBURG BASEBALL CLUB IS UP FOR SALE

HARRISBURG, Pa. (P)—The Class B Interstate League is having its share of trouble these days.

The franchise of the Harrisburg Senators baseball club was put up for sale to the highest bidder last night while down in Wilmington, Del., Philadelphia Phillies President Bob Carpenter denied a report that his club has agreed to work with the new Hazleton entry.

The action on the Harrisburg club came when team president David S. Kohn said the present owners don't have enough money to operate next season.

Kohn added that the Philadelphia Athletics, with whom his club had a partial agreement this year, are unable at this time to guarantee a working agreement with the club.

Bids will be accepted at a meeting of the club's board of directors next Tuesday, Kohn said.

At a meeting in York, on Monday, the Interstate circuit gave the Harrisburg club eight days to come up with a definite plan of action for next year or forfeit its franchise to the league.

Will Operate In 1953

The purchase of the Wilmington franchise by a Hazleton interest was approved by the league at the meeting and it was announced that the loop would operate for certain in 1953, its 13th consecutive year.

Kohn's statement also confirmed reports that Johnstown interests "have made overtures" towards buying the franchise.

Carpenter denied a statement by Ed Kirschner, who heads the Hazleton group which plans to operate the Class B club next year, that the Phillies will furnish him with players and a manager under a full working agreement.

Carpenter said the Phillies, which operated the Wilmington franchise last season, told Interstate League President Gerald Nugent, they were losing too much money on the club, and were returning the franchise to the league to be disposed of in whichever manner the league chose. But, he added, the Phillies made no commitments to anyone regarding any possible connection with future purchasers of the franchise.

Other teams in the Class B circuit ready to play are York, Lancaster, Allentown and Sunbury, Pa., and Hagerstown and Salisbury, in Maryland.

GHS GRIDDERS GIVEN LETTERS

During the assembly program this morning at Gettysburg High School, letters were awarded to 20 members of the Warrior football squad and to Donald Dentler, student manager.

Letters were awarded the following: Seniors, Co-Captains Richard Dayhoff and Robert Miller, John Carter, William DeHaas, Marlin Fisel, Randall Hill, William Knox, Ronald Miller, Gerald Peters, Richard Ray and James Skinner; Juniors, Joseph Bushey, Roger Crouse, Stanton Musser, George Penn, Jay Schmitt and Robert Rohrbaugh; sophomores, Charles Livingston, Carl Westerdahl and Ronald Williams.

Included on the program, which was in charge of the Athletic Department, were two films, those of the Gettysburg-Carlisle game taken on film and by the camera donated to the school by VFW Post 15, and "Parade of 1951."

Will Name Pirate Pilot Before Spring

PITTSBURGH (P)—Only one thing is certain about the next Pittsburgh Pirate manager says General Manager Branch Rickey. He'll be picked before spring training Feb. 20.

Back in Pittsburgh yesterday after a trip to Hollywood, Calif., and a week at the Mayo Clinic in Rochester, Minn., for a physical check-up, Rickey quickly scotched reports he's ready to name Billy Meyer's successor. Said Rickey:

"It may be before the winter baseball meeting in Phoenix, Ariz., Dec. 1. Then it might be that it won't be at that time. But I will have one in time for spring training." He added:

"There are no No. 1 candidates. I have high regard for Fred Haney, manager at Hollywood, and Ed Sawyer, who managed the Phils (Philadelphia) until last season. But there are quite a few others under consideration. . . ."

NINE BULLETS CLOSE CAREERS AT LANCASTER

Nine senior members of the Gettysburg College football squad will be bidding adieu to their collegiate football careers Saturday afternoon when the Bullets resume their old rivalry with Franklin and Marshall on Williamson Field, Lancaster.

Foremost among those to be lost are Bill Ewing, the Bullets all-state guard, and Berky Ward, Waynesboro, the pass tossing specialist.

Also among those donning Orange and Blue livery for the last time are Bill Vignola, end; Ray Reider, guard; Phil Dolson, Howard Pettit and Glenwood Solomon all centers; Jim Hammond, quarterback, and Russ Hess, halfback.

The above group joined with the remainder of the squad Monday in beginning preparations for the clash with the undefeated Diplomats. Much stress will be put on pass defense this week, F. and M. having used the air lanes with great success during the campaign.

In Dave Ritter, sophomore, the Diplomats have one of the finest small college passers in the business.

One of the largest crowds in recent years to see the old rivals tangle seems assured. The advance sale of tickets locally indicates the Bullets will have a large following while it is certain that thousands will be on hand to root F. and M. toward its second perfect season in three campaigns.

Fine Wants Mahany For Floor Leader

HARRISBURG (P)—A contest for the post of Republican Senate floor leader in the 1953 legislature developed today with Gov. John S. Fine's endorsement of Sen. Rowland B. Mahany (Crawford) for the post.

Sen. John M. Walker (Allegheny), floor leader through the last two sessions and an opponent of Fine's proposed income tax measure last year, said last night he intends to continue to fight for the post regardless of the Mahany endorsement.

The 32 GOP senators will meet

More Than 1,200 Visit Blocher's:
Large crowds continue to visit the
new Blocher Jewelry home, 25
Chambersburg street, and this morning
it was announced by David
Blocher that more than 1,200 persons
had passed through the doors
since the formal opening at 7 o'clock
Thursday evening.

To each lady entering the store
Mr. Blocher is presenting a hand-
painted silk handkerchief, neatly
arranged in an individual box.

Monday morning a lady's wrist
watch and a man's wrist watch will
be given to the holders of the lucky
numbers.

Prep Tumbles HI On Friday 12-7:

In one of the hardest-fought games
ever played between the two teams,
Gettysburg academy eked a 12-7
decision from the Maroon and White
eleven yesterday on Memorial field.
To Claire Eden, former high school
captain, goes the honors of the day.
Eden scored both touchdowns for
Prep, falling on a blocked punt
behind the goal line in the first
quarter and in the middle of the
fourth period racing 70 yards for
a score.

The game was marred time and
again by rough playing and argu-
ments spoiled an otherwise thrill-
ing game. . . .

Each Maroon played a hard game,
with Irvin, Trostle, Gilbert and Cap-
tain Bream leading by a slight mar-
gin. "Hare" Eden was the individual
star for Prep by flashing the form
he showed while in high school. . . .

**High Graduate Is Married Thurs-
day:** The marriage of Miss Evelyn
Keckler, daughter of Mr. and Mrs.
Clarence Keckler, of Greenmount, to
Charles Linn, son of Edward Linn,
of Emmitsburg, Maryland, took
place at 3 o'clock Thursday after-
noon, November 10, at Middletown,
Maryland, the Rev. William Day,
pastor of the Lutheran church, of-
ficiating.

Mrs. Linn was graduated from the
Gettysburg high school in 1927. Mr.
Linn is employed at the Reaser
Furniture company. They will reside
in Gettysburg.

**Open Drive For Funds To Buy
Boys' Uniforms:** A drive to raise
\$2,000 from residents of Gettysburg
to purchase year-round and service-
able uniforms for members of the
Boys' band was launched Tuesday
evening when each of the seven
members of the advisory board of
the musical organization contribut-
ed \$15.

The campaign will be for one week
and each person contributing \$15
will be given credit for purchasing
a uniform for one of the young
bandmen.

The advisory board comprises A. B.
Plank, president; C. Ray Rupp, sec-
retary; Edgar L. Deardoff, treasur-
er; James B. Aumen, business
manager, and C. B. Dougherty, C.
M. Wolf and Simon Redding, mem-
bers.

**Many Notables At Funeral For Mr.
Beales:** Many notables, headed by
Gov. John Fisher, paid their last
respects to the memory of C. Wil-
liam Beales, former congressman,
state senator and postmaster at
Gettysburg, at funeral services at
his late home on Carlisle street
Thursday morning.

The Beales home was crowded
with mourners, many of whom were
prominent in state and national
affairs, and floral tributes were
beautiful and profuse.

A short sermon was delivered by
Rev. E. H. Jones and the Rev. D. M.
Moser also gave a few short remarks.

The honorary pallbearers were
Judge Donald P. McPherson, State
Treasurer S. Lewis, Congressman
Franklin Menges, State Senator
Norman Bonbrake, Judge S. McC.
Swope, former Lieutenant Governor
E. E. Beideman, M. C. Burger, T. L.
Taylor and Dr. Henry W. A. Hanson.

The active pallbearers were Wayne
M. Keet, Charles B. Dougherty, E.
M. Bender, Carl Mark, George P.
Black and P. C. Stork.

Interment was made in Evergreen
cemetery.

Today's Talk

By GEORGE MATTHEW ADAMS

UNESSENTIALS

What a high valuation is placed
upon much in this life that is really
unessential. The happiest people
are not those with the most but
actually those who have the least,
so long as that least em-
bodies the essential things, such as
food, shelter, and the enjoyment
of simple things.

A high standard of living, how-
ever, cannot be too high so long
as that standard is not tied to
mere possessions. It's the essen-
tials that lend to character and
which create the incentive to be
useful and to aspire to an abun-
dant life.

"I went to the woods," said
Thoreau, "because I wished to
live deliberately, to front only the
essential facts of life, and see if
I could learn what it had to teach,
and not, when I came to die, to
discover that I had not lived."

It is from the great little things,
and from the simple way of life
that we learn the most as to how
best to live. As we grow older,
and experience more, we look
back upon what we have missed,
or have lacked, with few regrets.
The more essential things of life
loom in value as we live and learn.

It is amazing how happy we can
be without the many things we
wish we had, but haven't. We worry
too much about unimportant
things. Life itself is very simple.
It's we who complicate it and get
confused. It is not essential that
we "keep up with the Joneses."

We ought to spare all the time we
can to keep up with ourselves!
To be honest, generous, interest-
ed in everything good, to be
faithful to a few friends, and to
perform each day in the best man-
ner that we know, these are es-
sentials that will never let us
down. We have what the very rich
do not have. We have an abun-
dant amount of wants. But only the
essential ones bring us the happi-
ness we most desire.

"After all," wrote Michael Fair-
less, "what do we ask of life, here
or indeed hereafter, but leave to
serve, to live, to commune with
our fellowmen, and with ourselves;
and from the lap of earth to look
up into the face of God?"

Tomorrow Mr. Adams will talk
on the subject: "Inward Peace."

Just Folks

STARCH

My mother, over-proud of me,
Thought starch in every shirt
should be.

In Eton collars, deep and white
And hard as boards she took
delight.

Weekly to Sunday school I
marched,
My neck encased in linen
starched.

And when no longer I was young
Still to her love for starch she
clung.

Insisting "in his very best
A man on Sunday should be
dressed."

And in her English, stubborn way,
"You collar should be starched,"
she'd say.

I can't recall in vain how oft
I've pleaded, "leave my collars
soft!"

But women—dear, devoted
souls—
Starch collars, cuffs and
button holes.

They always have and always
will
And man may just as well keep
still.

ers converged at the Gettysburg
high school Monday afternoon for
the opening of the seventy-third
annual institute.

The sessions formally opened at
1:30 o'clock with Superintendent W.
Raymond Shank presiding. The in-
vocation was given by the Rev. Dr.
A. E. Wagner.

The teachers were led in a musical
drill by George E. Hubbard, of Beth-
lehem, who inaugurated a new sys-
tem, the selections being projected
on a screen from which the teachers
sing. No song books were sold for
the institute this year.

On Friday after considerable dis-
cussion a recommendation of the
committee of resolutions that in-

of the school year was voted down.

A recommendation that evening
entertainment of institute be discon-
tinued was passed.

PA. GOP WOMEN CALL FOR VOTE FOR ABSENTEES

HARRISBURG (AP)—The Pennsylv-
ania Council of Republican Wom-
en Tuesday called for a general ab-
sente voting law in the state cov-
ering voters unable to be at home
on election day.

Another resolution adopted at the
council's 30th annual convention
urged lowering of the voting age
from 21 to 18 years.

The present absentee ballot law
in Pennsylvania is limited to mem-
bers of the armed services and
hospitalized or bed-ridden vet-
erans.

Other Resolutions

A broadened absentee ballot law,
the council's resolution said,
should, in addition, include wives
of servicemen, voters away from
their homes because of employ-
ment and students and teachers in
schools, who are unable to return
home on election day.

Other resolutions called for:
Increasing the present \$600 indi-
vidual exemption in federal income
tax.

Establishing a 75 cents an hour
minimum wage for all employees in
Pennsylvania.

Women Want More Voice
Legislation to improve and make
uniform child adoptions.

A new law to permit children
under 14 to participate in radio
and television programs under
proper regulations.

Equal representation for women
on local Republican committees and
more women candidates in local,
state and national elections.

Another resolution called for
election by the voters of delegates-
at-large and alternates to national
party conventions. They are now
chosen by party state committees.

district has been assigned a max-
imum number of representatives.
All applications to attend the af-
fair must be in February 1, Har-
ris said, to give national head-
quarters time to arrange for trans-
portation and to permit time for
special training of the scouts who
will attend. The camp will be
made up of Explorer Scouts and
older Boy Scouts, Harris said. Be-
cause of the long trip involved,
the local district is setting a min-
imum age of about 15 for scouts
wishing to attend.

Have Charter Reviews
Harris added that John DeHaas
has been appointed Cubmaster for
Pack 79 according to a report to
headquarters by Donald Sheely, of
the pack committee.

A new program of "Charter re-
views" for all troops, packs and
Explorer posts in the Adams County
area was announced by Har-
ris. Under the program Harris and
the district commissioners will
meet with each troop about 90 days
prior to its application for a new
charter to go over the work of the
past year and prepare plans for
the new year to determine whether
a new charter should be granted.
At the present time the charter of
Pack 79 and Troop 80 in Gettys-
burg are under review. Littles-
town Pack 84 is also scheduled for
review this month. The charters of
Explorer Post 85 and Boy Scout
Troop 85 will be reviewed in De-
cember.

Russians Brand "Beizbol" A "Bloody, Bestial Battle"

By THOMAS P. WHITNEY

MOSCOW (AP)—The newspaper So-

viet Sports indicated today that
American "futbol" is a rough, bad
game that cripples players both
physically and spiritually. The Rus-
sians previously described "beiz-
bol" as a "bestial battle, a bloody
fight with mayhem and murder."

"It were as if American futbol"
had been created for inciting beat-
ly instincts both in the audience
and in the athletes themselves,"
the organ of the Soviet Sports
Committee declared.

"Futbol cripples youths spiri-
tually and physically and there-
fore it is widely cultivated at stadiums
of American universities and col-
leges."

Sports Called "Corrupt"
The article was illustrated by a
photograph of a "futbol" scrim-
mage taken from an American
publication.

The Soviet Sports story was part
of a general article which pur-
ported to prove that all American
student sports are corrupt and in-
tended solely to prepare American
youths for militarism. The odd
spellings are due to the different
Russian alphabet and are appar-
ently the closest they can get to
the pronunciation.

"In the education from American
youth of an army of bandits and
human haters, an important role
is played by sport in educational
institutions," the newspaper de-
clared.

"School For Militarism"
It claimed that new games had
been invented in American higher
educational institutions such as
"races on all fours, races with
back frontwards and wrestling in
a pit with rotten fish."

"Student sport in the United
States today is a school for train-
ing American youth in a militar-
istic spirit," the article concluded.

The Soviet youth magazine
Smena told its readers last Sep-
tember that "beizbol" was an
American distortion of the old Rus-
sian village sport of Lapta. "Beiz-
bol" players in the United States,
it said, are slaves—bought and sold
like sheep. Then, added Smena,
when they are worn out and crip-
pled from playing field injuries,

they are thrown out on the street
to die of starvation.

East Berlin

EAST BERLIN—Birds A. Jacobs,

80, has returned to his duties in
the office of a Hanover ice plant
after being ill with a severe cold
that complicated the heart ailment

with which he has suffered for the
past year.

Mrs. Cleason E. Smith has re-
turned to her home after spending
a month in Rahway, N. J., with her
daughter, Mrs. Fred V. Baker, and
family.

Two of the three daughters of Mr.
and Mrs. Gerard J. Otto, who re-
cently moved to Bigmouth from
near East Berlin, have returned to
St. Joseph's Academy, McSherrys-
town, after being confined to their
home by illness.

Mr. and Mrs. Richard Staub and
daughters, Joan and Barbara Ann,
Hallam R. D., were recent guests of
Leonard Staub and family.

Charles B. Wallace, Berlin Heights,
principal and teacher at the Lin-
colnway School, West Manchester
Twp., York County, has been re-
elected president of the West Man-
chester Twp. Teachers Association.

Improvement continues in the
condition of elderly Mrs. Seright
Nell, Franklinton, who has been a
hospital patient for several weeks,
having been one of the earliest cases
in the October outbreak of typhoid
in the Franklinton area. Mrs.
Nell's husband, 83, died early in Oc-
tober of "an intestinal disturbance,"
believed to have possibly been a
form of typhoid, and several other
members of the family are reported

victims. Mrs. Nell was formerly Miss
Cora Ellen Kimmel, East Berlin,
and she and Mr. Nell lived in this
area until they moved to Franklin-
town about two years ago.

Mr. and Mrs. T. Russell Moody,
R. 1, left last week to spend the
winter in St. Petersburg, Fla., as they
did last year. They also expect to
visit points farther south in Florida.

Soup and salad make a good
lunch for weekday eating. For the
soup you might choose split pea
with croutons. For the salad serve
sliced oranges, pineapple chunks
and sliced banana on crisp greens;
top with cream-style cottage
cheese and French dressing.

BANDAGES ARE NOW SPRAYED ON WOUNDS, BURNS

By FRANK CAREY
Associated Press Science Reporter
WASHINGTON (AP)—A bandage which can be sprayed on wounds and burns has been developed. It is seen as a quick, easy method of treating injuries caused by an atomic attack or other large-scale disasters.

The announcement of the new transparent plastic dressing was made yesterday by the Air Force and by Dr. Daniel S. J. Choy, who said he developed it.

Called "aeroplast," the dressing is a liquid plastic which can be applied from an aerosol "bomb" or spray gun. It is easy to use, costs less than gauze, and can be stored indefinitely in a small space, the Air Force said.

Dr. Choy, of New York City, went into more detail in an address before the 50th annual meeting of the Association of Military Surgeons of the United States.

He said the plastic material when sprayed hardens into a transparent, elastic film that can be peeled off later. For example, if it covers an entire hand, he said it could be peeled off like a glove.

Is Transparent
It has certain advantages over other types of dressing and can be applied, if necessary, by relatively untrained people in a minimum time, the doctor said.

One advantage he cited was the transparency of the film, enabling a close watch for any development of infection and thus cutting down on dressing changes.

He described successful use of the material in most of 50 cases treated at New York's Bellevue Hospital when he was on special assignment there as an Air Force captain based at Wright-Patterson Air Force Base, O.

The Brooklyn Dodgers were either in the lead or tied for the top spot in the National League all but 16 days of the 1952 season.

FARM CALENDAR

Ventilate Barns—Two reasons for forced ventilation of dairy barns are given by Joseph McCurdy, Penn State extension agricultural engineer. He says that barns are tighter and more comfortable than formerly and the cows are bigger. A big cow gives off more moisture than a small cow.

Keep Surplus Seeds—Leftover vegetable seeds can be kept for planting next spring if properly stored, reminds James O. Dutt, Penn State extension vegetable specialist. It is not necessary to keep them in cold storage, but they should not be held in heated rooms. About 50 degrees Fahrenheit is satisfactory.

Clean Home Grounds—Give the home grounds a general cleanup to improve the appearance of the property, urges John Meszaros, Penn State extension ornamental horticulturist. Remove all insect-infested and disease-infected plants and burn them.

Vegetable Outlook—There are good prospects for continued strong demand for fresh market vegetables in 1953. R. B. Donaldson, Penn State extension marketing specialist, believes Pennsylvania growers will probably maintain or slightly increase their acreage.

Use Salt Carefully—Poultry research at the Pennsylvania State College shows that salt should be added carefully to chick-growing rations. Salt poisoning can cause loss of young chicks.

Stretch Hay Supply—Feed only small amounts of hay at each feeding, small enough that you know a cow will clean it up, say Penn State extension dairy specialists. Then feed hay oftener, at least three times a day. Four or five hay feedings would be better. Dairywomen short of hay can stretch the supply by reducing waste.

Store Root Crops—A storage cellar is the ideal place to keep root crops.

Upset Stomachs Yield Inches of Gas

"I was so full of gas I was afraid I'd burst. Sour acids rose up into my throat. I got SYS-TONE and it worked inches of gas and bloated from me. Meals are a pleasure now. I praise Sys-Tone to the sky!"—This is a true testimonial from a man right here in Gettysburg. SYS-TONE is taken before meals and works with your food. This new medicine contains Ten Herbs, vitamins and iron. Clears out gas, enriches blood and builds energy. Bloating, worn-out people soon feel like new. So don't suffer. crops, reminds James O. Dutt, Penn State extension vegetable specialist. However, they can be stored in a trench located in a spot that is well drained and where water will not accumulate. Cover with alternate layers of straw or hay and soil.

Wintering the Tractor—Storing a tractor for winter is not simply a matter of draining the radiator and forgetting it until next spring, explains Burton Horne, Penn State extension agricultural engineer. Proper preparation will protect the tractor from rust and corrosion and put it in condition for immediate use next spring.

4-H Club Work Helps—Allen L. Baker, state 4-H Club leader at the Pennsylvania State College, believes that the 4-H Clubs have made their influence felt in education for farming, homemaking and rural community life through projects the members carry.

Wool Marketed—Almost 800,000 pounds of wool were marketed cooperatively by 28 pools in Pennsylvania this year, reports Thomas King, Penn State extension livestock specialist. This figure does not include wool produced by farmers who did not sell through pools.

Feed Grain in Litter—When grain is fed in the litter, the hens not only get exercise but their scratching keeps the litter stirred, says F. H. Leuschner, Penn State extension poultry specialist.

PROBING THIRD JACKSON, MICH., PRISON RIOT

JACKSON, Mich. (AP)—With rioting inmates subdued by shotgun blasts, authorities at Southern Michigan Prison today began a probe in which they hoped to pin the blame for the third major uprising here this year.

It broke out in the mess hall last night. For a time there were 2,200 wildly milling rioters involved, many streaming into yards from cellblocks forced by pails. Some had knives grabbed from the kitchen. Others had clubs.

More than 20 shotgun blasts were fired into the air. So were several bursts from a sub-machine gun before the two-hour disturbance was quelled. No one was wounded. One convict, however, suffered a scalp cut from a flying missile.

Still, a death may result from the riot. Capt. Earl Secrist, one of 140 state troopers speeding to the scene, lost control of his car two miles southeast of Lansing

and hit a tree. Lansing hospital attendants said he was not expected to live.

The same scream in the mess hall that set off a bloody, million-dollar general riot in April ignited last night's. It was: "There's salt in the coffee." A less violent riot occurred in July, which resulted in the firing of the then Warden Julian N. Frisbie and became an issue in the recent gubernatorial race.

See "Escape Plot"
None of the 35 to 40 unarmed guards inside the prison, the world's largest walled penitentiary, were grabbed as hostages this time.

Assistant Deputy Warden Charles Cahill, who led a squad of eight shotgun-armed guards that finally forced submission last night, said the rioting "undoubtedly" was part of an escape plot.

No escape came off, however, and Warden William H. Bannan and State Corrections Commissioner Earnest C. Brooks described the uprising as "unorganized."

News Of Interest To Upper Communities Of County

20,000 UPPER ADAMS TURKEYS GOING TO MART; PRICE BELOW '51

Consumers will find the turkey "cheap eating" this year. Prices at present range from 40 to 45 cents a pound for toms and 45 to 50 cents per pound for hens. The wholesale price is about five cents per pound lower than last year.

About half of the 40,000 turkeys raised in upper Adams County this season are expected to go to market by Thanksgiving and the others will be held for the Christmas holidays.

The two largest turkey growers in upper Adams County—Paul Osborn, near Brysonia, and Roy Heckenluber, near Arendtsville, said they will market about half of their 20,000 birds in the next week.

Two Reasons Given

Two reasons were given for the decline in the cost of turkey meat. One is the general lowering — by a few cents a pound — of meat prices. And when beef and pork are down, down goes the price of turkey as well. Another reason for the decline in turkey prices is the increased production. This year 60,000,000 turkeys are being reared for the market throughout the U. S., a jump of 13 per cent over last year, and an increase of 30,000,000 birds over the 30,000,000 produced ten years ago.

Adams County turkeys going into the wholesale trade travel far. The 11,000 turkeys on the Osborn farm, for example, will go to processing plants at Fredericksburg, and from there will be placed on sale in such cities as Philadelphia, Baltimore, Cleveland, Buffalo, Cincinnati and Richmond, Va.

Sold In Big Lots

At the end of the 26-week period that it takes to bring a turkey to market size—25 pounds for toms, and 17 pounds for hens—county farms become a scene of tremendous activity for a few days before Thanksgiving and again before Christmas.

At the Osborn farm this coming weekend, Saturday, Sunday and Monday, will probably mark the peak sales before Thanksgiving. The Christmas sales rush will take place about December 20, 21 and 22.

Truckers will pull into the farm to buy 2,000 to 3,000 turkeys at a time.

Osborne and five or six helpers will select, crate and place on trucks about 400 turkeys an hour. In one three-story 150 by 130-foot building, where 6,000 turkeys are raised at a time, coops will be sent up elevators. Workmen will load the turkeys, six hens to a coop or four or five toms to a coop. The coops will be sent down a slide and the birds will be oaded on the trucks.

Broilers Next

A new 25-ton scale weighs trucks and all. One wholesale buyer, who operates a large truck, carries 1,200 turkeys, about 12 tons of live meat, from the Osborn farm on one load. Usually however the trucks carry about 480 birds at a load.

Most of the bigger turkey growers raise chickens as well, to make use of their equipment during the interval between the turkey seasons. At Osborn's 24,000

to the annual meeting of Interstate at Philadelphia December 9 and 10, it was announced.

Officers named by the York Springs local included: Joseph Stoner, East Berlin R. D., president; Harry Chronister, Hampton, vice president; H. A. Grove, Gardner R. 2, secretary-treasurer; John K. Mansberger, York Springs R. 2, delegate, and Edgar Leer, York Springs R. 2, alternate delegate.

Field Man Presides

E. C. Dunning, Chambersburg, field representative for the cooperative, presided at the elections, and outlined the work of the delegates in setting policy for the organization and naming the directors who operate the cooperative.

The Rev. Henry W. Sternat, Biglerville, pronounced the invocation at the start of the dinner session. County Agent M. T. Hartman served as toastmaster.

Claims Substitute Used

Wilbur F. Barkdoll, Mt. Alto, director for District 25, which includes the two Adams County locals, told the group that soda fountains in a number of cities, including Philadelphia, have been cited for using a vegetable oil mixture in drinks instead of ice cream. Use of such materials is a violation of pure food laws of the state, Barkdoll said, adding, "We should be happy that we have the pure food laws in Pennsylvania that do not have such laws we find vegetable oils taking the place of milk in various foods, we find the man producing good milk competing with stuff made of skim milk and dried milk and appearing under the name of milk. Our laws benefit the consumer and us. The consumer knows what he is receiving and the producer of good milk is not hurt by unscrupulous competition."

Attorney John W. Newlin, Tyrone, described an effort on the broilers will go into the buildings after the turkeys are sold. And then, the broilers will move out at an average four pounds weight, 11 weeks after they start. Then a new crop of 11,000 turkeys for the 1953 holiday season will begin their life on the farm about next May 15.

part of Interstate and other Pennsylvania and New Jersey groups this past summer to prevent absorption of the New Jersey milk area into the New York milk area. He described the attempt to bring New Jersey producers into the New York area, "as apparently strictly political. Under the New York plan producers are paid one price for their milk and thus marginal producers receive as much as good producers. If New Jersey could have been added, because New Jersey producers produce better milk and receive a higher price, it would have brought up the amount paid the New York producers."

Cut Philadelphia Prices

"The scheme was to bring New Jersey into the New York plan and then bring Philadelphia into the New York scheme. That would have increased the price New York producers are getting, but it would have cut the amount paid to those selling on the Philadelphia market by \$1.15 per hundred pounds of milk. It appeared to be a scheme to get the New York farmers vote, and we hope that with the change in administration at Washington the attempt is now dead. Interstate however is keeping an eye on it, and will do all it can to help the New Jersey producers because Philadelphia is the next step in the plan if New Jersey is put in the New York pool."

Dunning reported that 800,000,000 pounds of milk, valued at approximately \$46,000,000, was marketed in the Philadelphia area during the past year.

Assets of Interstate total \$1,091,120.63 he said, of which \$561,569.60 is in government and corporate bonds. Reserves held for capital and due for payment eventually to the producers total \$666,680.52. The amount is held to provide for stabilization of the market, as a "sort of insurance" against possible future overproduction or similar problems, Dunning said. One of the minor "problems" for which the reserve is held is insurance for quarantines, Dunning noted. Last year the cooperative paid farmers \$628.68 for their milk when the milk was held on the farm because illness caused a quarantine to be placed on the farm. It was the first time such allocations have been necessary for some years. One hundred dollars of the amount went to an Adams County farmer whose farm was quarantined for

two weeks because of polio.

A resolution submitted by John Mansberger for the York Springs local was approved by both locals and will be presented by the two at the Interstate meeting of delegates in December. The resolution asks Dairy Council officials to do all in their power to have non-members of Interstate selling on the Philadelphia market to sign agreements whereby the non-member producers would pay their share of the Dairy Council costs. At present Interstate members pay one cent a hundred pounds of milk sold toward support of the Dairy Council, an advertising and educational organization. Similar amounts are paid by Philadelphia dealers. "Since all benefit, all should pay," Mansberger pointed out.

BENDERSVILLE

(Continued from Page 1)

Beginning operation of the Cub pack. Twenty-one youngsters have already signed for admission to the pack, Harris said. When the adults have received training and are ready to begin operation of the pack, notices will be sent to potential Cubs of the date and location of their first meeting. The first organizational session for the youngsters will be held sometime in December, Harris said.

Assisting Harris at the organizational-training meeting Tuesday night was District Commissioner Walter Morse.

Rev. S. William Hollingsworth, Bendersville, is arranging a meeting in the near future to discuss the possibility of establishing a Boy Scout troop in the Bendersville-Wenksville area.

Chief Assessor

(Continued from Page 1)

County Is Mapped

"We have purchased 152 aerial maps of Adams County on which a square inch represents approximately ten acres. For the urban areas, the commissioners have contracted with Eugene S. Sickles to draw maps of each borough on a scale of one inch for each 100 feet. The purpose is to draw off each man's property lines on the maps. When we get these lines drawn off on all the maps and find blank spaces we will know we have found property that has never been assessed."

Mr. Weaver said his office is also working on property owner's record cards and index cards. The former cards give the name and address of the property owner, location of the property, number and type of buildings and other pertinent facts.

"County assessors no longer assess property. They gather information and submit it to my office for transfer to these cards. A property owner may refuse to al-

low an assessor on his property. In this case we give the property the highest assessment value comparable with other property in his area. The property owner may then appeal, and at the appeal hearing we can get the information that he had refused to give the assessor."

Mr. Weaver said the county will obtain land value maps from the Department of Agriculture to determine land values, since land in some sections of the county is more fertile and productive than land in other sections. In the country as well as in boroughs location plays a part in determining values. A property on a main highway near schools and other improvements is more valuable than a property six miles from an improved road, he explained.

"In Gettysburg, property in the first block of Baltimore St. has more value than that in the second or third block, or even in the first block of Carlisle St.," he added. Mr. Weaver also described the making up of the occupational tax assessment cards. He said the assessment ranged from \$50 for a housewife to \$200 for a college professor, using these as examples.

HYDROGEN BOMB POSES QUERY: WHAT IS IT?

By ARTHUR EDSON
WASHINGTON (AP)—You're sitting at the breakfast table and you look over the headlines.
"Well," you say, "I see they've exploded the hydrogen bomb."
"What's a hydrogen bomb?" asks the 12-year-old.
"Why, it's a—," you say, hurriedly running your eyes down the story. Not much help here. Especially from the official announcement.
It says:
"The test program included experiments contributing to thermonuclear weapons research."
That means exploding the H-bomb?
So you say, "I don't exactly know what a hydrogen bomb is. But I know it's a lot more powerful than an atom bomb."
Wipes Out Island
"What's the difference," the 12-year-old asks, "between a hydrogen bomb and an atom bomb?"
You decide not to try to meet

the question head on, but to try a flanking movement.
So you say what you've been reading in the papers. About how there has been this terrific explosion on some little islands out in the Pacific Ocean. About the sailors writing back what a tremendous explosion they have seen. About the sailor who said he saw an island blown clean away.
Now the 7-year-old jumps in. "Why do they want to blow the island away for?" she asks.
What Of Cities?
"It's an experiment," you say. "The government wants to know whether the thing will work, so they take the bomb over there and try it out."
"Will it kill everybody?" the 7-year-old asks.
You think for a moment about that. If it can blow away an island, what can it do to a large city?
You look back at the 7-year-old. She apparently has forgotten about everyone getting killed and is sliding out of the breakfast nook bench to get ready for school.
"It's your Brownie day," your wife says to her. "Don't forget your dime for dues."
May Need Never Arise
And then, pausing on her way to school and the Brownies, she turns to you:
"You and your hydrogen bomb. The old atom bomb was strong enough for me."
That's pretty much your view too. But even if you can't explain the H-bomb, you're glad your side found it first. And you hope that, now that it's found, there never, never, will be a need for its use.

OFFER REWARD FOR BOY, GIRL MISSING WEEK

FLEMINGTON, N. J. (AP)—The anxious mothers of a Hunterdon County teenage couple, missing more than a week since leaving on a movie date, pleaded jointly Tuesday for their return.
A \$1,000 reward already has been offered for information leading to the finding of the girl, 16-year-old Harriet Hanners. A 13-state police alarm also is out for Harriet and for Richard Stryker, 19, who last were seen Nov. 9.
The girl's mother, Mrs. Virginia Prescott, and Richard's mother, Mrs. Alice E. Stryker, on the possibility that the teenagers might have eloped, asked state police at Flemington Tuesday to relay this plea in the hope it might reach the pair:
"Want You Back
"We want you back at all cost. Wherever you are and whatever has happened, please contact us to relieve our unbearable grief and the horrible suspense of all who love you."
Harriet is the step-daughter of John Prescott of Stockton, managing editor of the Hunterdon County Democrat. The girl's father, Irving C. Hanners of Bethlehem, Pa., owner of the Bethlehem News Agency, offered the \$1,000 reward.
A complaint of contributing to the delinquency of a minor has been signed against young Stryker. Mrs. Prescott, Hanners' former wife, said last week she felt her daughter has met with violence, and that she couldn't conceive of Harriet's possibly eloping.
Harriet is a pupil at the Holmby School in Bucks County, Pa.

Pechan "Stunned" By Naming Of Harrison

STATE COLLEGE, Pa. (AP)—State Sen. Albert R. Pechan (R—Armstrong) sponsor of the state's Loyalty Oath Law, said today he "was somewhat stunned" by appointment of Earl G. Harrison as "investigating authority" in re-opening of a loyalty oath case at the Pennsylvania State College.
Pechan, in a letter to Dr. Milton S. Eisenhower, Penn State president, said that Harrison, former dean of the University of Pennsylvania Law School, "was one of the most vehement objectors to the measure" when it was before the 1951 session of the Legislature.
"Calling in Earl Harrison is comparable to your brother Ike (Dwight D. Eisenhower) as President-elect asking Secretary of State Acheson to set up a new foreign and domestic policy," Pechan wrote Dr. Eisenhower. Pechan made the letter public.

When making griddle cakes, many good cooks like to beat the yolks and whites of the eggs separately, then fold the whites into the batter last. This method usually makes the griddle cakes extra fluffy.

When broiling chicken, some good cooks like to turn the birds about every ten minutes, brushing each time with melted butter or margarine.

TRANSISTORS CAN REDUCE TV

PRINCETON, N. J. (AP)—Transistors—instead of radio vacuum tubes—were used on Monday to operate a portable television set and electronics experts said the new devices someday may cut in half the cost of video receivers.
Utilization of the pea-sized transistors, which amplify radio signals without the heated filaments in ordinary vacuum tubes, was demonstrated at the Radio Corp. of America's research center here.
The television receiver was battery operated and had 37 transistors. The only conventional type of vacuum tube in the set was its own self-contained picture tube. The set is about one quarter the weight and size of a normal home table model receiver.
Also demonstrated were such familiar electronic devices as home and automotive radios, record players and public address systems.

Launch Probe Of Pennhurst Death

HARRISBURG (AP)—William C. Brown, state secretary of welfare, ordered an investigation Tuesday in the death of a patient at the Penn-

hurst State School at Spring City, near Phoenixville.
The inquiry was ordered after Samuel T. Byers of nearby Marysville complained that the body of his son, Robert H. Byers, 29, was covered with bruises and welts when it was received from the school.
Byers said he was informed over the telephone by Pennhurst officials that his son died of a heart attack, his home town team.

dent of the RCA laboratories division, said at the press preview that tomorrow's television receivers with full complement of transistors might be "something about half of today's cost" when production is stepped up.

first truly balanced car in the low-priced field

A great advance in car value at no advance in price

4 body types actually priced lower!

It's at your nearby Plymouth dealer's—the first truly balanced car in the low-priced field—the roomiest, most beautiful, best riding Plymouth ever built!

Because of the true balance built into the new Plymouth ride, you get the softest, steadiest ride and the smoothest handling you've ever known—almost gyroscopic stability on all kinds of roads.

Because of the true balance built into the '53 Plymouth's all-new design, you get flowing lines that combine brilliant new beauty with more vision, added roominess, greater all-around comfort and safety. You get greater performance, too, because the Plymouth engine has been increased to 100 horsepower, with a new higher compression ratio of 7.1 to 1.

And Plymouth brings you this great advance in engineering and design at no advance in price. In fact, 4 of the body types this year are priced substantially lower . . . to give you the most sensational Plymouth value in history! For the complete price story, see your Plymouth dealer.

See the first truly balanced car in the low-priced field—now. Make arrangements with your dealer for a demonstration drive—soon! Compare this car—on performance, on appearance, on price. Then you'll see for yourself why the new 1953 Plymouth offers you the greatest car value your car dollar ever bought!

Miss Hilda Laukemann Home From Europe; Helped To Build Homes For Refugees In Austria

Miss Hilda Laukemann, daughter of Mr. and Mrs. Theodore Laukemann, Dillsburg R. 1, recently returned to her home, after touring Europe and visiting relatives in Germany for almost six months. The tour was arranged by the Association of Mennonite and Affiliated Colleges.

Miss Laukemann left New York on June 6 aboard the "Italia," arriving in Plymouth, England, on June 14. Five days were spent in England, and during that short period, a surprising number of historically famous places were visited. Two days were spent touring the Shakespeare country and Oxford.

On June 19 the tour took a night boat to Hoek of Holland to begin their tour of the continent. While in Holland Miss Laukemann toured Rotterdam, The Hague and Delft, world famous for its pottery, and Amsterdam. Miss Laukemann and her fellow tourists were assigned to private Mennonite homes for the duration of their stay in Amsterdam.

Amsterdam, Antwerp, Paris. On June 23, they left Amsterdam for Friesland, the cradle of Mennonitism. The first stop in Friesland was made at Makkum. While in this area, they visited many of the reclaimed polders which now dot Holland. A polder is the Dutch title for land, which has been reclaimed from the sea, and which is extremely fertile ground.

On June 25 the party arrived in Brussels, Belgium. In Antwerp they visited the site of "het Steen" where early Mennonites were martyred. On June 27 they left Brussels for Paris, France, via Rheims, the famous cathedral city. The next day they toured Paris, both modern and historical, including Arch of Triumph, Eiffel Tower, Napoleon's Tomb, the Louvre, Notre Dame Cathedral and the Luxembourg Palace.

On June 30 they left Paris for Basel, Switzerland. While in Switzerland they toured the city of Zurich and other typically picturesque Swiss towns and resorts. They traveled the Gotthard Pass over the Swiss Alps, which is the longest trail in Switzerland, on their way to Lugano, a beautiful lake city. From Lugano they went to Florence, Italy, via Milano where they saw the original of Da Vinci's "Last Supper."

At World Conference. While in Rome they saw St. Peter's Cathedral, St. Paul's Cathedral, Vatican City, Forum, Colosseum, Catacombs and Appian Way. Trips were also made to Pompeii and Vesuvius. Many other renowned cities were visited in Italy and on July 17 they left Venice for Innsbruck, Austria, and then on to Munich, Germany. About three weeks were spent in Germany in

which they visited Dachau Concentration Camp, Thomsdorf, Heilbronn, Heidelberg, Bad Dürkheim, Weierhof, Mainz, Worms, Coblenz on the Rhine. While at Mainz an orientation period was held at St. Stendenhuis University, prior to entering work camps at Linz, Austria. The World Conference of Mennonites was attended while in Germany.

The tour ended August 29 for most, but Miss Hilda Laukemann stayed on to visit her maternal grandparents in Stuttgart, Germany. She stayed there eight weeks and met 75 of her relatives.

Visited Work Camp
Miss Laukemann spent seven weeks at a Mennonite Central Committee Work Camp at Linz, Austria. These camps house refugees principally from Yugoslavia and Czechoslovakia, who fled their countries with almost no personal property. They stay at these camps until their homes are completed. These homes require an approximate \$1,000 down payment and the buyer must donate 1,000 hours of free labor to its construction.

Young people from Italy, England, Holland, France, Germany, Denmark, Switzerland and the United States donate their work on these homes, which is then subtracted from the 1,000 hours required by the refugee.

Typical Camp Day
A typical day at the camp starts at 5:30 a.m. At 6 a.m. first breakfast is served. Cooking and laundry are done by the refugees of which there were about 1,500 in this camp. At 6:30 o'clock morning devotions were held with each person taking turns leading the period in his or her own language. The work period began at 7 a.m. and because of the many young people, it was divided: half digging cellars for homes, all by hand, and half working on the erection of the church.

At 10 a.m. a second breakfast was served and at 2 p.m. their work for the day ended at which time they walked about two miles back to their camp. At 3 p.m. they were served dinner. In the afternoon, they enjoyed free time, swimming and telling stories and arranging play periods for the many children in the camp. At 7 p.m. their evening meal was served, followed by an evening activity which included games, singing, possibly a speaker or an artist, and general discussion of young people's problems the world over. This recreation period was followed by evening devotions conducted in the same manner as in the morning.

Miss Laukemann returned to her home on October 31 feeling there's no place like America, but that

NEWS ITEMS OF DILLSBURG AREA

Mrs. Clara Laird, Wellsville is a patient at the York Hospital where she was admitted November 12.

The American Red Cross Bloodmobile will be stationed at Dillsburg Thursday, December 4. Blood donations are urgently needed.

The Wellsville Parent-Teachers association met at the school Tuesday evening. A feature of the meeting was a panel discussion on "A Child's Four Teachers," in which Mrs. Kate Watkins, Mrs. Alma Penrod, Earl Robson and Carl Nelson participated. There was also a program of special music.

Mrs. Blaine Lefever, Dillsburg, is a division chairman for the annual Girl Scout Cookie Sale being conducted by troops throughout York County. The girls are selling three varieties of cookies. The profit will go to their troops. Certificates will be given sellers of 36 packages or more, and the high-selling troop will win a weekend at Winding Trails, the Scout cabin at Haines Acres, York County.

Switzerland is the nicest country she visited. The young people's attitude toward their future life is not optimistic in most European countries, she said, and one of the principal faults to find in European countries is their lack of the freedom we take so much for granted, especially in their speech. With all her rewarding experiences, Miss Laukemann was indeed glad to be home.

BREAKS HER LEG IN KITCHEN FALL

Mrs. George Bushey, York Springs R. D., slipped on her kitchen floor early Saturday morning and sustained a fractured leg. The break occurred between the knee and the hip. On Tuesday a pinning operation was performed at the Carlisle Hospital and was reported to be entirely satisfactory.

Harrison Fair, York Springs R. D., remains a patient in the Carlisle Hospital. Last week Mr. Fair had all the fingers of his right hand except the little finger torn off in a corn picker. His neighbors, among them Charles King and Russell Grove, are seeing that the work on Mr. Fair's farm is done during his disability.

Mr. and Mrs. John Coulson, Gardeners R. D., announce the birth of a daughter at the Carlisle Hospital on Saturday.

Among others from out of town who attended the funeral of Mrs. Lizzie Kessler on Monday were George Day, George Day Jr. and Mr. and Mrs. Ralph Day of Carlisle. Mrs. Kessler was an aunt of George Day Sr. For many years Mr. Day conducted a store in York Springs.

Dr. William Flickinger and R. L. Pittenturf are among those who are spending a few days at the York Springs Rod and Gun Club in Potter County hunting bear.

The Wesleyan Service Guild of the Methodist Church took home-made articles, baked goods, potted plants and various other things to the Harrisburg Market on Saturday and applied the proceeds to the building fund of the Methodist Church.

Mrs. William McI. Lott, of Bonnie Brae Farms, Gardeners R. D., is visiting Dr. and Mrs. John Bouquet in Wisconsin. Enroute home she will stop off at Michigan State College, Lansing, to visit her son, Mac, who is a student there.

The York Springs Lions Club attended the zone meeting held at Fairfield on Tuesday.

F. E. Coulson and Terry Taylor, among other local people, have been called to Gettysburg as witnesses in the trial which resulted from the death of Carl Dean in an accident at the York Springs corner over a year ago.

Mrs. Daniel Elicker, York Springs, is recuperating from a major operation which was performed at the Polyclinic Hospital, Harrisburg, on Friday.

Pvt. Darby Day, Camp Pickett, Va., spent a brief furlough with his parents, Mr. and Mrs. Mike Day, York Springs R. 1.

WEDDING

Erb-Chubb

Miss Barbara Elaine Chubb, daughter of W. R. Chubb and the late Mrs. Chubb, York, was married November 12 to Clarence Charles Erb, son of Mr. and Mrs. Ambrose Erb, North York, formerly of the Dillsburg area.

They were married at the First Baptist Church of York with the Rev. William A. Kerns, pastor, officiating at a single ring ceremony.

Miss Marilyn Kay Jacobs was maid of honor and Philip Lauer Erb, nephew of the bridegroom,

LATEST TYPHOID VICTIM BETTER

Latest victim of the typhoid epidemic that swept the Franklinton area since October 15, James Williams, aged 8, is reported in a satisfactory condition in the Carlisle Hospital where he was admitted last Tuesday.

On Monday a mass inoculation project began in an effort to halt the spread of typhoid fever in the Franklinton area. Thirteen persons in the last month have been afflicted. The inoculation was held in the Franklinton schoolhouse with residents asked to start coming at 2 p.m. Authorities asked all persons residing in the area to cooperate in the mass inoculation, al-

served as best man.

The traditional wedding marches were played on the piano by Miss Rosalie Erb, who also gave a recital of wedding selections such as: "The Sweetest Story Ever Told," "Blest Be the Tie that Binds," and "I Love You Truly." She also played the sacred selection "Holy, Holy, Holy."

After the ceremony there was a reception for 25 guests at a York inn. At its conclusion, the couple left for a Florida honeymoon. The bridegroom, a former student at the Dillsburg High School, has been assisting in the Hoover Furniture Company, but will enter the Navy in late November. Pending further service orders, Mrs. Erb will continue to reside with her father.

A 1951 graduate of William Penn Senior High School, York, Mrs. Erb has been engaged in work at the York Corporation.

Dr. Morgan L. Zarfos, York County health director, stated that the move was planned as the most effective way of bringing the outbreak under control. He explained that thus far no definite source of the disease has been tracked down despite the intensive house to house check during which wells and sanitary systems were tested. Medical tests also were run on almost every resident.

State Health Department funds were used to pay for the project. No charge was made to the residents. Irma Rost, Jane Boschart and Gladys Conway, state nurses from York, made the hypodermic injections of typhoid-vaccine. They have been working in this area since the first case was reported on October 15.

One woman showing no symptoms of the disease was found to have a positive reaction to a typhoid test. It was stated she might be a carrier and that contact between her and the victims could be established. Dr. Zarfos pointed out, however, that the woman might have

just recently picked up the disease from one of the typhoid victims. She is undergoing further tests. The entire project is supervised by Dr. William Schrack of the State Health Dept.

Says Ike Needs Help of Women HARRISBURG (AP)—The help of the women of America is vitally needed to make the administration of President-elect Dwight D. Eisenhower a success, Republican women of Pennsylvania were informed by Gov. John S. Fine.

"You must be the purveyors of the truth strengthening the arm of the man whom times and destiny have called to lead us. He is going to need all the strength he possesses—and more, your strength," Fine said last night at the final session of the 30th annual convention of the Pennsylvania Council of Republican Women.

Repeating the words of every other political leader who addressed the two-day convention, Fine commended the women of Pennsylvania for their part in the GOP success at the polls Nov. 4.

Food has two functions, first to supply energy to the body and second to build up tissues in growth or when they are worn out.

2 GOP LEADERS SET 15-BILLION CUT IN BUDGET AS THEIR GOAL

WASHINGTON, (AP)—A 15-billion-dollar cut in the new federal budget is the goal of two Republican leaders — if President Truman's budget request calls for the 85 billions some predict.

Sen. Robert A. Taft of Ohio, chairman of the GOP's Senate Policy Committee, told a news conference yesterday his target for the fiscal year beginning next July is a 70-billion-dollar budget.

Taft said he and President-elect Eisenhower, at their Sept. 12 meeting in New York, agreed upon this as well as upon a 60-billion-dollar goal for fiscal 1955. Barring any interfering commitments, Taft added, tax cuts of 12 or 13 per cent would be theoretically possible in 1955.

Seis 70-Billion Goal The Ohioan and other Republican leaders in Congress are discussing legislation with Eisenhower at a conference today in New York.

Rep. Taber (R-N.Y.), who will head the House Appropriations Committee in the new Congress, said yesterday:

"Spending can be held to 70 billion dollars."

That means, he said, that Congress will have to use the axe on every federal activity, including defense and foreign aid spending.

Predicts Revised Budget Spending figures for the present year that started last July 1, Taber said, indicate that the outgoing Congress appropriated too much for both foreign aid and military programs.

Taber predicted that President-elect Eisenhower will send Congress a revised budget after he takes the oath of office late in January. The budget due early that month will be transmitted to Congress by President Truman.

Taber said he doesn't know how much, if any, Eisenhower will be able to whack from the Truman budget.

WOMAN, 60, LAY IN WRECKAGE OF CAR FIVE DAYS

HAMBURG, Ia. (AP)—A 60-year-old grandmother lay seriously injured and helpless for five days and nights in the wreckage of a car concealed in a weeded gully beside a busy highway.

She had a broken left hip, broken left arm, several fractured ribs and was suffering severe shock. Thousands of cars sped by but no one spotted her.

Prayed Desperately Her only food was a few pieces of fudge and her only drink a little rain water and a bottle of boric acid solution.

Throughout the 120-hour ordeal, between spells of unconsciousness, she prayed desperately.

And then, by chance, a highway grader operator saw the wrecked car from his high cab. "I just happened to look back for some reason," said Jack Kraschel.

"A Case For The Books" Today, Mrs. Glen McKnight of St. Joseph, Mo., lay in a Hamburg hospital. Doctors said her condition was "remarkably good."

They said it was "a case for the medical books."

IKE SCHEDULES CONFERENCES WITH LEADERS

NEW YORK (AP)—Gen. Dwight D. Eisenhower scheduled a series of conferences today with some of the anchor men in the Republican party and moved with speed and vigor toward assuming the vast responsibilities of the presidency.

It is generally believed that two topics—Korea and the new cabinet—will dominate the talks today.

Eisenhower planned to see Sens. Robert A. Taft of Ohio, Styles

Bridges of New Hampshire and Alexander Wiley of Wisconsin.

Other Callers

The schedule also listed as callers Rep. Joseph Martin, of Massachusetts; Jack Porter, Texas national committeeman, and Lewis K. Gough, national commander of the American Legion.

No information about the subjects of the conferences has been given.

But the lineup of men suggested: 1. Korea—Gough has just returned from a trip into the war zone. Wiley, a member of the U. S. delegation to the United Nations, recently urged the President-elect to send a representative to the U. N. to support the American position in the debate on Korea. He said Eisenhower invited him to discuss foreign policy when

Cleveland Barons Defeat Pittsburgh

By The Associated Press
Ike Hildebrand is one of the smallest players in the American Hockey League but also one of its goal-getters.

Hildebrand, only five-foot seven and a half inches tall, scored twice last night to help the Cleveland Barons defeat the Pittsburgh Hornets, 3-2. The triumph enabled the Barons to take over first place from the Providence Reds by one point. The Reds and the rest of the league were idle.

The little right wing scored his first goal in the first period while Phil Maloney of the Hornets was in the penalty box. Hildebrand, who tops the league in goals, with 11, sent home his second marker of the game in the middle period while Danny Lewicki of Pittsburgh was serving time.

Glen Sonmor accounted for the other Cleveland tally while Willie Marshall and Bob Sabourin netted for Pittsburgh.

The general had returned to New York.

Other Top Topics

2. Eisenhower's thoughts about his cabinet—Taft told a news conference yesterday that Eisenhower has asked him for suggestions on top-level appointments, including cabinet posts.

3. The legislative program—Taft and Martin, likely choice for speaker of the House in the next session, probably will go into Eisenhower's office together to discuss that question.

4. The organization of the Senate, plans for the inauguration of Eisenhower and some fiscal matters.

5. A report by Eisenhower on his talks with President Truman yesterday, and his own plan to go to Korea.

IKE KEEPS ROAD OPEN TO CHANGE AFTER TRUMAN ENDS HIS TERM

WASHINGTON (AP)—President-elect Eisenhower kept the road open today for swift changes in Truman administration policies when he takes over the presidency Jan. 20.

The carefully worded joint statement issued by Eisenhower and President Truman after their historic—if chilly—White House conference yesterday was regarded on Capitol Hill as indicating Eisenhower has some of these changes definitely in mind.

The statement emphasized that Eisenhower was not asked to assume—and did not assume—any responsibility for decisions taken by the Truman administration in its last weeks.

"Framework For Liaison"

In their statement the President and his successor said they had discussed—in a 25-minute face-to-face conference and a 51-minute meeting later with their aides present—"some of the most important problems affecting our country in the sphere of international relations."

"We have worked out a framework for liaison and exchange of information between the present administration and the incoming administration, but we have made

no arrangements which are inconsistent with the full spirit of the Constitution," the statement continued.

"We believe . . . that the arrangements we have made for co-operation will be of great value to the stability of our country and to the favorable progress of international affairs."

Grim-Lipped Ike

The general, leaving the White House after he had stepped grimly out of the President's office to tell reporters he and Truman had had a "very informative and instructive session," stopped at the Pentagon before taking off for New York.

At the Pentagon, he apparently completed final arrangements for the Korea trip, which he expects to make in a military plane.

Police estimated that despite chilly, damp weather and exten-

DOESN'T WANT "RUBBER STAMP"

WASHINGTON (AP)—Sen. Capehart (R-Ind.) says he hopes his fellow Republicans will not become a "rubber stamp" Congress under the administration of President-elect Dwight D. Eisenhower.

Capehart told a news conference yesterday he wants Republicans in Congress to assert their authority in dealings with the White House—something, he said, Democrats failed to do in 20 years of New Deal-Fair Deal administration.

The Indiana senator said he intends to co-operate with Eisenhower, but added: "I'm certainly not going to co-operate blindly."

He said he believed "a good many senators will do likewise."

Capehart, who supported Sen. Robert A. Taft instead of Eisenhower for the GOP presidential

nomination, also said yesterday he will back Taft for election as Senate floor leader.

If X's mark the spots where your car stalls on cool damp days...

Get Anti-Stalling Esso Extra Gasoline

FOR FAST STARTS... QUICK WARM-UP

Anti-Stalling is another big reason Esso Extra performs best in 9 out of 10 cars all year 'round

Here's a new experience in gasoline performance . . . starting power that gets your engine going at a touch and keeps it going.

The only gasoline made to combat cold engine stalling . . . Anti-Stalling Esso Extra is also famous for quick starting, fast warm-up, high anti-knock power and long mileage. Try a tankful today for real Happy Motoring. Find out why more motorists use Esso Extra than any other premium gasoline in the area served by Esso Dealers!

While you're at your Esso Dealer's let him give your car a complete lubrication and careful check-up for the cold weather driving ahead.

Detroit's Automotive Engineers say that cold-engine stalling has been a persistent problem for years. Under certain conditions, powerful gasolines required for today's high-compression engines evaporate and freeze moisture out of the air, "icing up" the carburetor and causing temporary stalling. This stalling is practically eliminated by the new Esso Extra Gasoline. (No gasoline, of course, can correct stalling caused by mechanical faults or electrical failure.)

PLEASE DRIVE CAREFULLY... THE LIFE YOU SAVE MAY BE YOUR OWN!
